Thank you all so much for auditioning! It was an incredibly difficult process to narrow it down to these 10. There are so many talented and funny performers at Southwest and it makes me excited for future productions! Remember, 90% of casting is the right role at the right time. Keep working and your time will come! If you were not cast, I encourage you to fill out a crew application if you wish to stay involved. As always, please feel free to stop by if you would like feedback on your audition.
